*Class B: \$75.00*

*Class C: \$50.00*

**Misc.:** \$60.00 minimum and a \$150.00 maximum. Price is quoted on a project by project basis

### **Here's how it works:**

To begin the design process, submit the sketch request provided by Distinct Graphicz.

The sketch request should reflect as much information as possible for your project. Photos, site survey, local sign codes, colors, sizes, style, class, vector logos, etc. are a must. The more detailed the sketch request the quicker the design process. Any request Distinct Graphicz deems incomplete will be returned with notes on how to complete the request for each project.
